

NFPA 1033

Fire Investigation Education

June 13 – 14, 2020 | Ponoka, AB

“Course was well presented by very knowledgeable instructors. Live fire burn props were also well constructed and demonstrated fire behavior with challenging scenarios. Great course!”

Randy Krieger, Senior Firefighter
St. Albert Fire Department
May 2019 Fire Investigation Practicum

“It was a great course! Provided insight with backing as to effective fire investigation. Great discussions and forum for learning.”

Kevin Fornal, Fire Chief / Safety
Codes Officer, Viking Fire Rescue
May 2019 Fire Investigation Practicum

*Presented in partnership with Ponoka
County Regional Fire Services*

This two-part standards-based online fire investigation education can easily be completed from the convenience of your computer – either at your fire department or from home. Once complete, attend the two-day practical skills development and evaluation session at Ponoka County Regional Fire Services. Ponoka is located near Red Deer, AB. Upon successful completion of the practical and cognitive testing, students will receive ProBoard accreditation from the College of the Rockies.

Who should take this course? Those interested in affordable fire investigation education with flexible scheduling. Programs are designed for restricted budgets and those with busy work and personal lives.

Curriculum:

- Several subject matter experts, including Dr. DeHaan, contributed to the development of the course content.
- Study Guides are the current edition of NFPA 921 or Jones and Bartlett's Fire Investigator Principles and Practice.
- All chapters of NFPA 921 and Jones and Bartlett's Fire Investigator Principles and Practice are covered.
- 24 +/- hours of online study time
- With our suggested learning timeline and defined learning time frames you can expect to complete the course over 9 weeks or at your own pace ahead of the booked practicum.

Practicum:

Includes live cubicle burns plus investigation, practical skills development and evaluation session. Students must complete the online curriculum prior to participating.

When: Saturday, June 13 – Sunday, June 14, 2020

Where: Ponoka County Regional Fire Services, East District Fire Hall
6705 46th Avenue, Ponoka, AB

Course benefits:

- Convenient and affordable fire investigation education with less travel costs, time away from work and scheduling conflicts.
- Informed by decades of fire investigation field work, this course has all the behind the scenes experience to grow individuals professionally.
- Small class size limited to 24 participants.
- University-quality designed curriculum; easy to navigate platform.

Course structure:

Twenty-four chapters with a mid-term quiz, concluding with a final exam.

Course fee:

\$1,745 + GST

NFPA 1033

Fire Investigation Education

June 13 – 14, 2020 | Ponoka, AB

Instructors:

FireWise partnered with the world's leading fire investigation expert, **Dr. John DeHaan** to deliver this proprietary training program.

With over 40 years' experience in fire and explosion related forensic science, Dr. DeHaan has been involved in many national and international efforts to improve fire investigation. He has authored six editions of Kirk's Fire Investigation since 1982, one of the most widely used textbook in the field.

Together with Dr. DeHaan, **Mr. Bob Turley**, a founding partner of FireWise, delivers the fire investigation curriculum founded on 40 years of fire investigation experience. Bob was responsible for developing and implementing numerous fire prevention and investigation training programs. His first-hand knowledge is the foundation for this innovative learning program. Having testified as an expert witness in several fire investigation litigation cases, Bob shares his experience in a way that will benefit any fire investigator. To learn more of Bob's extensive history, visit www.FireWiseConsulting.com.

Training support.

In-house course instructor, Bob Turley is available by email or phone for questions and assistance.

Technical support available during regular business hours.

Endorsement.

Developed in collaboration with several subject matter experts including Dr. John DeHaan.

Certification.

Course certificate awarded upon achieving 70% or higher on the online portion of the course. If ProBoard accreditation is required, completion of the practicum is mandatory.
